October 01, 2019

To our Veterans and their families,

This resource directory was developed as a service for Veterans and their families seeking a range of resources, including emergency and general health, food, housing, educational, employment, and financial services.

The veteran service office strives to provide assistance to our Veterans in need. This guide is the first of many such solutions in bridging the gap between our Veteran Community and the important community services they seek. We look forward to continued work on affairs that impact Veterans and their families.

Sincerely,

Liberty County Veteran Services
